COMPANY OVERVIEW

DADO CREATIONS

INTRODUCING

Our story began in 1998 when DADOcreations was founded, starting with the manufacturing of décor tiles in a garage. Through innovation and craftsmanship, we developed DADOquartz®, a material renowned for its exceptional strength, hardness, and durability. Today, DADOquartz® is recognized as “**THE WORLD’S MOST LUXURIOUS BATHTUB MATERIAL.**”

We have proudly been the **sole JEE-O distributor in South Africa since 2009**, providing customers with the best quality stainless steel taps and bathroom accessories. This longstanding partnership of Dutch design offers our customers a full bathroom solution.

As a leader in premium bathware, DADOcreations serves a global market with distribution partners in Australia, USA, Europe, and the Middle East.
